OBJECTIVE

Passionate Front End Developer with a keen interest in leveraging React.js and Next.js to create dynamic and user-friendly web applications. Dedicated to staying updated with the latest industry trends and technologies.

EDUCATION

B.Tech - GVP College Of Engineering.(IT)	(7.82/10.0)	2021 - 2025(Present)
Intermediate - A.P.R.J.C	(9.26/10.0)	2019 - 2021
10th - Sri Chaitanya School	(9.8/10.0)	2018-2019

PROJECTS

Portfolio

- Developed a self-designed personal portfolio showcasing some of my projects, and technical skills. Implemented a fully responsive multi-page layout to ensure an optimal user experience across devices.Leveraged React.js, JavaScript, NPM packages, and hosted on Vercel for seamless deployment.

GFinder

- Developed a web application using [relevant technologies, e.g., JavaScript, React, and GitHub API] that allows users to search for GitHub profiles by username. The application fetches and displays user information such as repositories, followers, following, and other public data. Implemented features include error handling for non-existent users, responsive design for various devices, and an intuitive user interface to enhance user experience.

Weather App

- Developed a weather forecasting app using React.js and OpenWeatherMap API.Implemented real-time data fetching using the Fetch method in React.js to retrieve weather data from the API.Designed and built an interactive user interface that dynamically updates based on user input and fetched data.

SKILLS

Programming Languages : Python, C, C++, Sql, JavaScript

Web Technologies : Html5, Css

Frameworks : Tailwind Css, React Js, Express Js

Operating System : ArchLinux.

Tools : Git, Vim.

Soft Skills : Adaptability, Communication, TeamWork, Time Managaement.

SOCIAL ENGAGEMENTS

- Member of YES Club.

- Participated in All INDIA Hackthon 2023.

STRENGTHS

- Problem Solving
- Analytical Thinking

LANGUAGES

- English
- Hindi
- Telugu
